SPECIAL EDITION FOR AUGUST AND SEPTEMBER 2020

With limited party size in most restaurants, we will not be having our usual dinner/meetings for the foreseeable future. We continue to wait until these limitations are lifted before scheduling a meeting.

Please stay safe and keep your mask handy – SOP for transplant recipients ☺

Message from Stan Smith, President

Summer is almost over and we continue to wear face masks when we go out to stores. I recently attended my first in person meeting of the UAB Hospital Auxiliary since January! The Auxiliary volunteers have not been cleared to return to UAB for normal activities.

During a recent UAB Auxiliary Board virtual meeting, I found out that we will not be able to have our Christmas Day lunch in the same format as we have done for the last 31 years. Because of COVID 19, The CDC now requires that all food be served in prepackaged containers. In addition, distribution and social distancing will determine if we can serve lunch. I will be communicating with Charlotte Beeker, Associate Vice President - Food, Nutrition & Guest Services, about what we can do from the food standpoint. Also, I will communicate with the Nurse Manager of HLTICU about the logistics of distributing the food. Be on the lookout for updates.

SCHEDULED EVENTS & FUTURE MEETINGS

- October 17, 2020 – To be determined
- November 14, 2020 – To be determined
- December 25, 2020 – Annual Christmas Day lunch - pending

“Once you replace negative thoughts with positive ones, you’ll start having positive results.”

...Willie Nelson
