

## Sample Letter to Recipient

Chart Number:

Dear Recipient,

My name is Mary and my son John was an organ, eye and tissue donor. My family and I live in Alabama. John has two sisters, Susan and Patty. They are 23 and 30 years old. John loved fishing and playing baseball. Although he was only 20 when he died, he had the opportunity to travel to many places. He had many friends as he was growing up. Our house was often where kids would get together.

I hope you are doing well and are on the way to a full recovery. We would like to hear from you if you feel comfortable doing so. If possible, we would also like to meet you one day (optional).

Best Wishes,

Mary
